Module III

8:00 am - 4:30 pm

Tuesday, April 8th, 2008

Southwest Room #1.124

University of Texas at San Antonio

501 W Durango Blvd.

San Antonio, TX 78207

Managing an efficient, consistent and effective China supply chain is critical for global business success. Whether you are sourcing products from China or managing complex export operations, this session will provide you with the tools and information that will reduce risks, improve efficiencies and increase profits. Conducted by experts in the field of Chinese logistics, this module will be presented in a hands-on and interactive manner.
